

SHEQEn MANAGEMENT POLICY

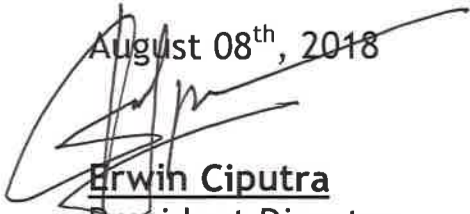

PT Chandra Asri Petrochemical Tbk (CAP) and its subsidiaries (PT SMI and PT PBI) believe in **Safety & Health, Environment, Quality and Energy Conservation (SHEQEn)** and **Responsible Care Management System** as fundamentals in achieving our Company's Vision to be "Indonesia's Leading and Preferred Petrochemical Company".

CAP and its subsidiaries promote a culture of operational excellence by managing quality, process safety, reliability and energy efficiency, personal safety & health, and the environment, in order to support Company's strategic direction; to achieve incident & injury free workplace; to maintain healthy workforce; to mitigate workplace health risks and to prevent illnesses; to identify and mitigate environmental and process safety risks; to operate with integrity and to operate reliably; to use sustainable resources and the Company's assets and energy efficiently and effectively.

Our commitment translates into the following Policy:

- | | |
|---------|--|
| General | 1. Provide framework to set and review SHEQEn objectives and targets aligned with this Policy; |
| | 2. Develop competent personnel with adequate training to sustain SHEQEn performance; |
| | 3. Comply and stay up-to-date with applicable SHEQEn legal and other requirements; |
| | 4. Manage potential quality, health, environmental, safety and integrity risks, and manage energy usage of our products throughout the products' life cycles; |
| | 5. Protect staff, assets and information from harm and theft; |
| | 6. Communicate this Policy to all employees, contractors, suppliers, customers, community and interested parties, and to review it periodically; |
| | 7. Maintain, periodically review and continuously improve effectiveness of our Company's SHEQEn Management System and its performance in accordance to relevant national and/or international standards; |
| | 8. Cultivate consultation and participation of all employees to continuously improve our Company's SHEQEn Management System; |
| SHE | 9. Eliminate personal safety and health hazards to prevent injuries, occupational illnesses and fatalities; |
| | 10. Commit to protect the environment including preventing pollution and mitigating climate change, optimize usage of sustainable resources, and protect surrounding biodiversity and ecosystem; |
| | 11. Prevent process safety incident through effective implementation of Process Safety Management (PSM) and risk-based surveys, and embed a safety-oriented culture throughout the Company; |
| | 12. Investigate and identify root causes of all incidents to prevent recurrence and to share lessons learned throughout the Company; |
| Quality | 13. Meet or exceed customers' requirements and expectations; |
| | 14. Report and investigate all complaints and non-conformities, and maintain active communication with our customers and partners in the supply chain; |
| Energy | 15. Reduce energy consumption and disseminate goals to all stakeholders; |
| | 16. Maximise operational efficiency, and optimise natural resources and energy conservation; |
| | 17. Support purchase of energy-efficient products and services, and support energy-efficient designs |

The management of PT Chandra Asri Petrochemical Tbk (CAP) and its subsidiaries are committed to implement and lead their areas according to this Policy, and all employees and contractors are responsible for the successful implementation and execution of these principles in their daily operations.
